NOVA

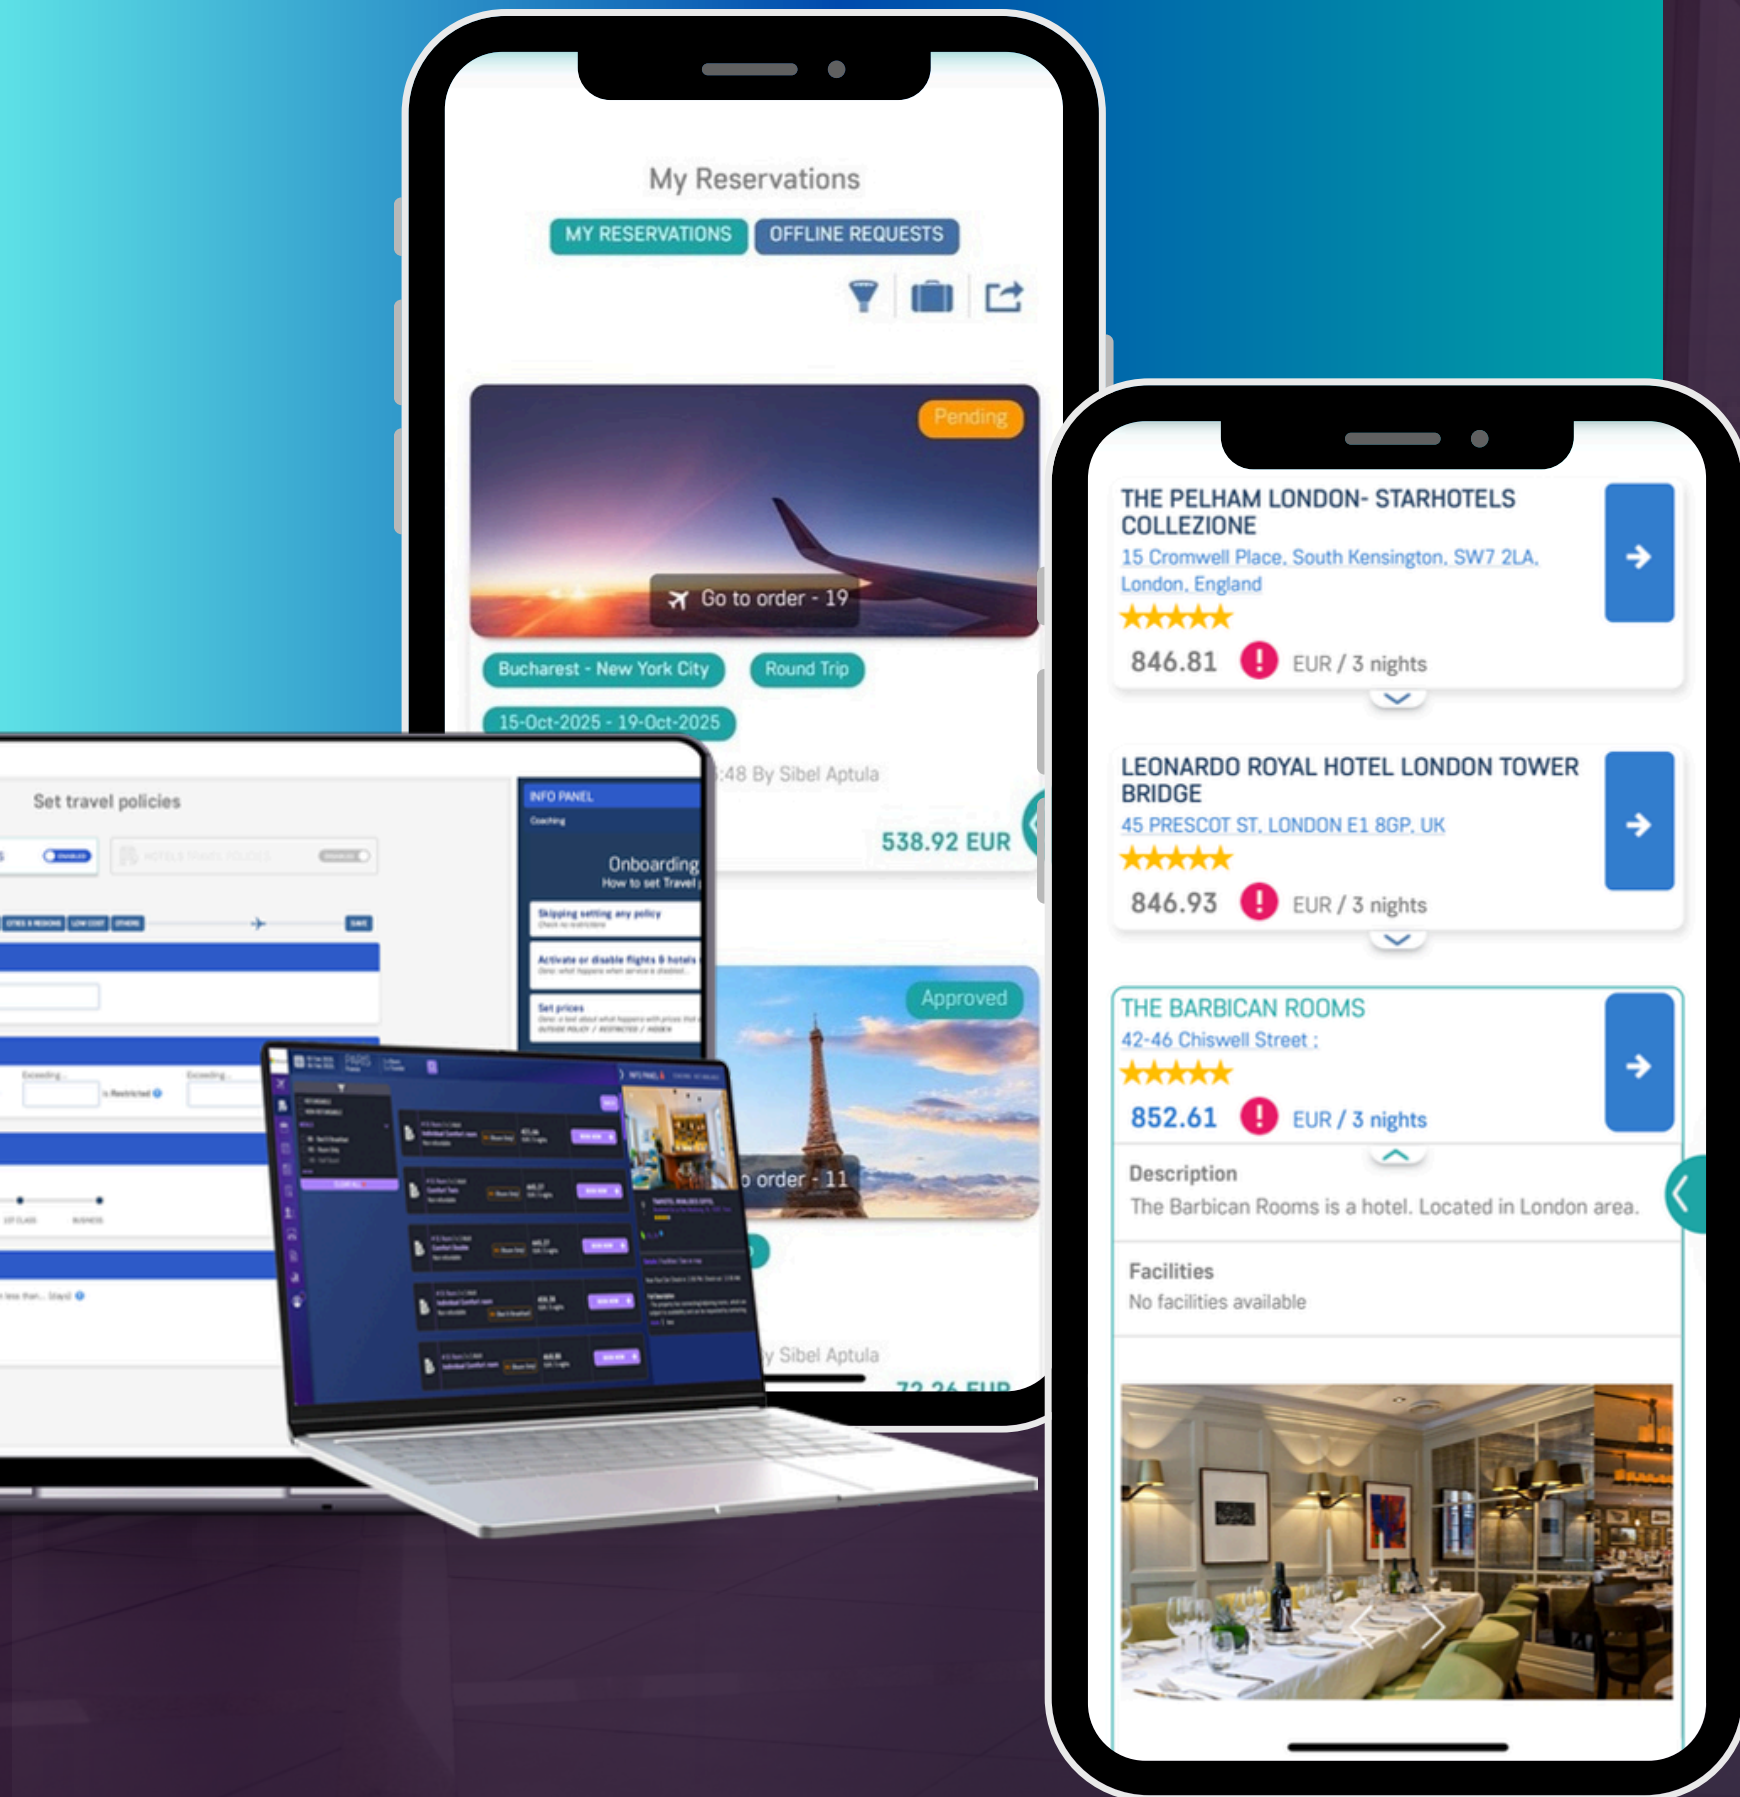

Welcome to NOVA - Mobile App

Your corporate self-booking tool, now on the go!

- NOVA is now available as a native mobile app for your business travelers
- Available on both iOS and Android smartphones
- Same trusted NOVA experience, ready for mobile

By offering NOVA Mobile App, we help you increase adoption of the official tool, reduce leakage, and improve data quality – so you get better reporting and stronger negotiations with suppliers, while your travelers enjoy a simple mobile experience.

One NOVA Experience, Any Device

A seamless desktop + mobile app experience so your business travelers can book, manage and approve trips 24/7 on any device

01

The mobile app is built on the same core platform as the web version

02

Ensures a consistent interface and user experience across desktop and NOVA mobile app

03

Mobile-specific adjustments for smaller screens and on-the-go usage

Why NOVA Mobile App

01

Business travelers are constantly on the move

02

NOVA Mobile brings your corporate travel program to your travelers' pockets

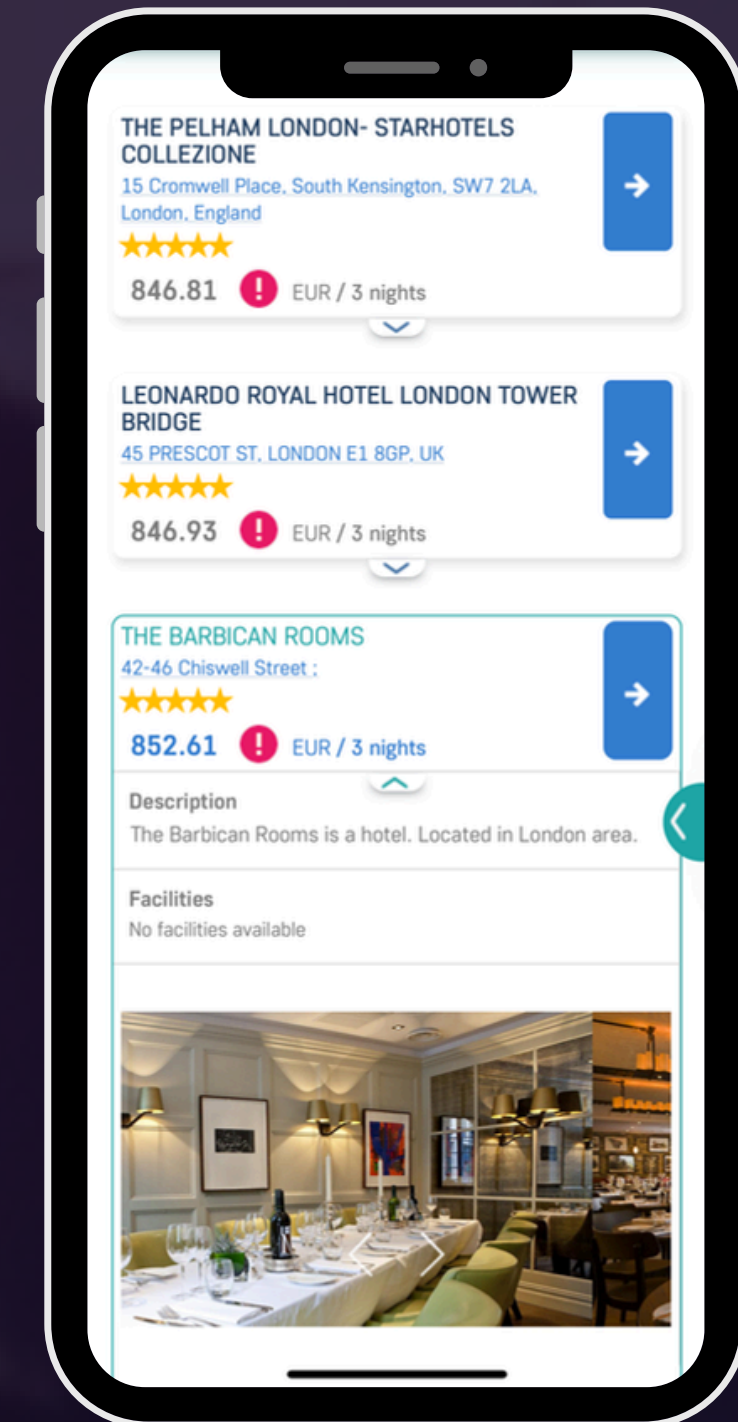

03

Approvals and bookings often need fast decisions, anytime, anywhere

04

Faster responses, better compliance, happier travelers

Companies are moving away from manual bookings and email-based approvals. NOVA Mobile fits into this shift by automating booking flows and approvals, while enforcing their travel policy in the background.

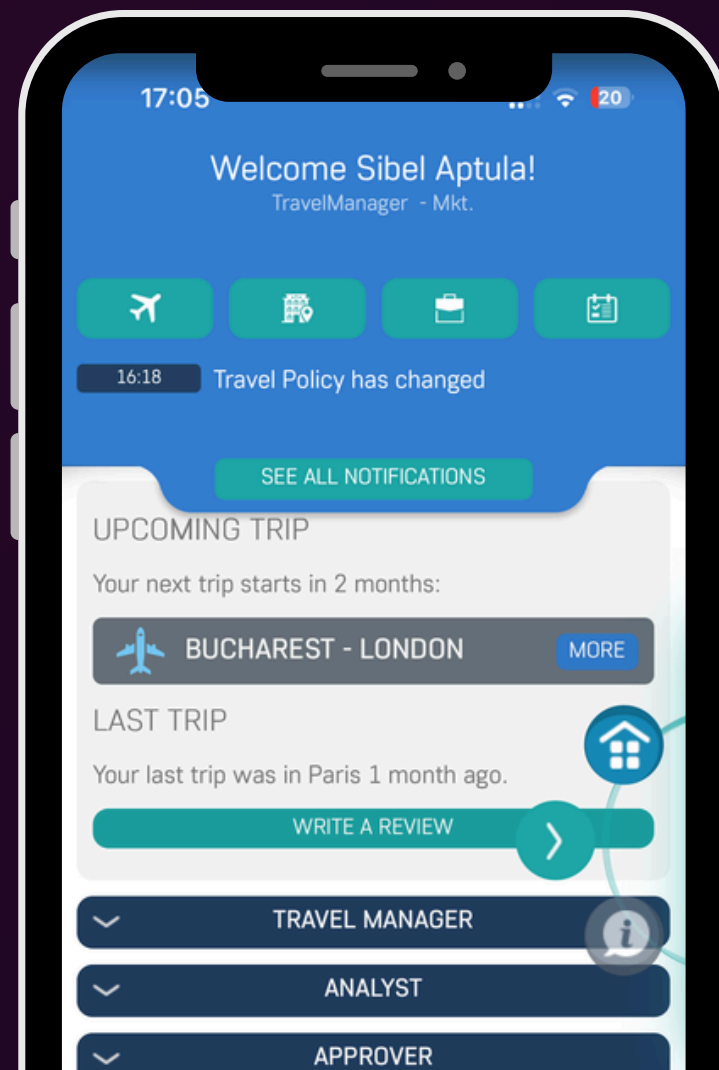

To keep the app fast and easy to use, NOVA Mobile focuses on the most important actions:

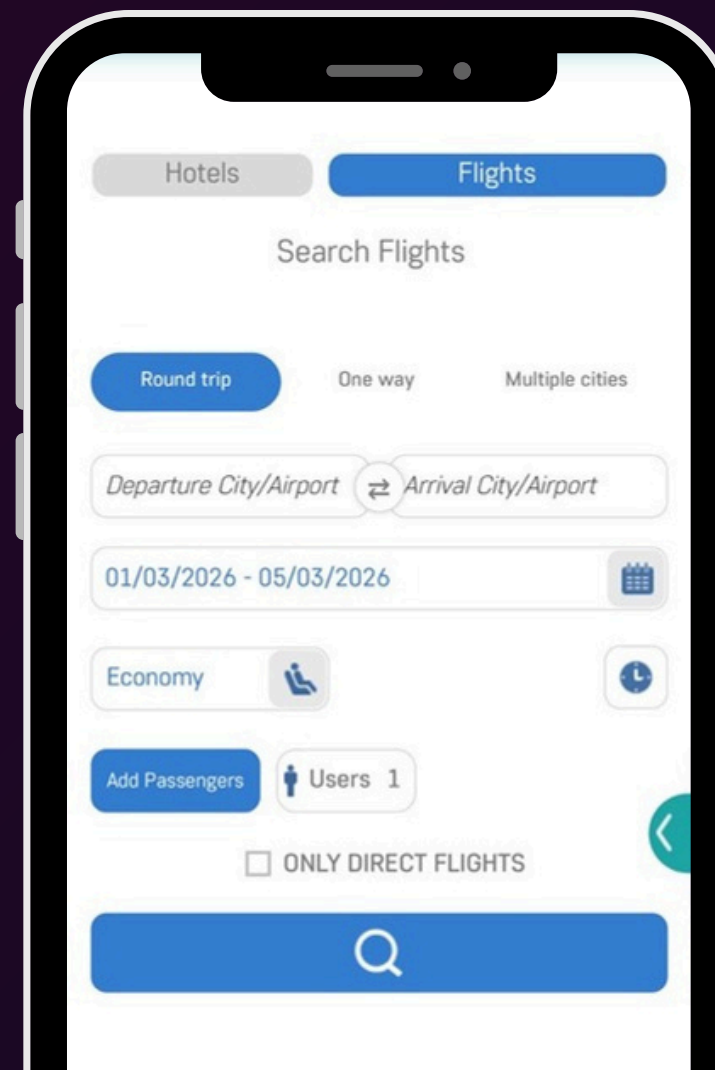

01

Dashboard

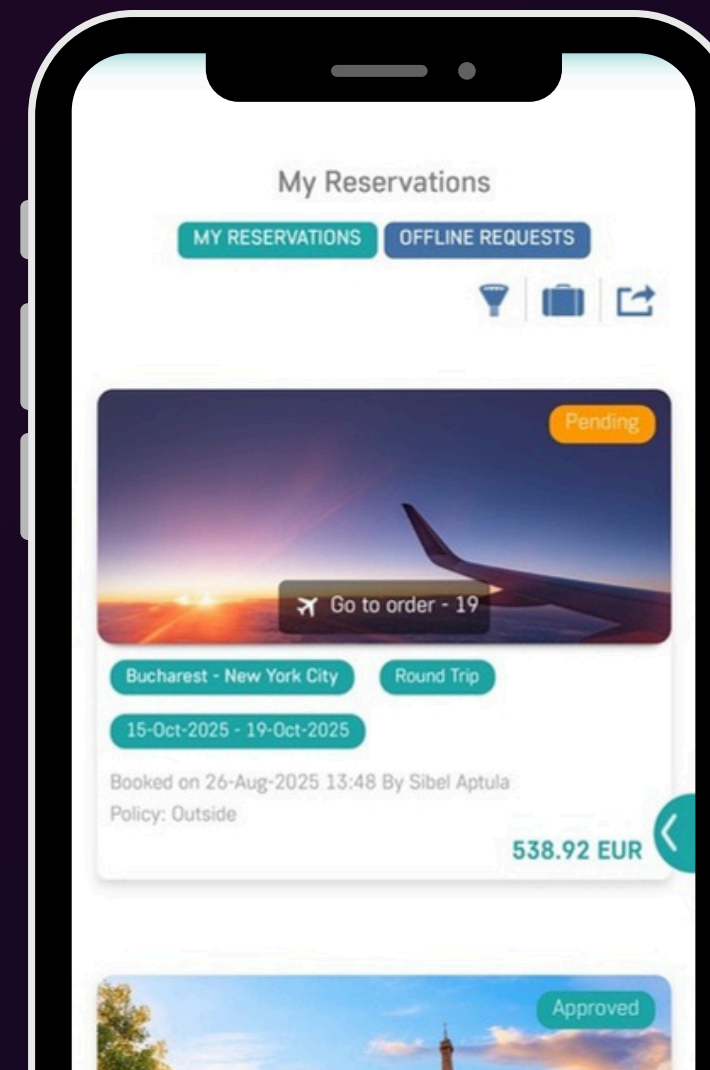

02

Search & Book

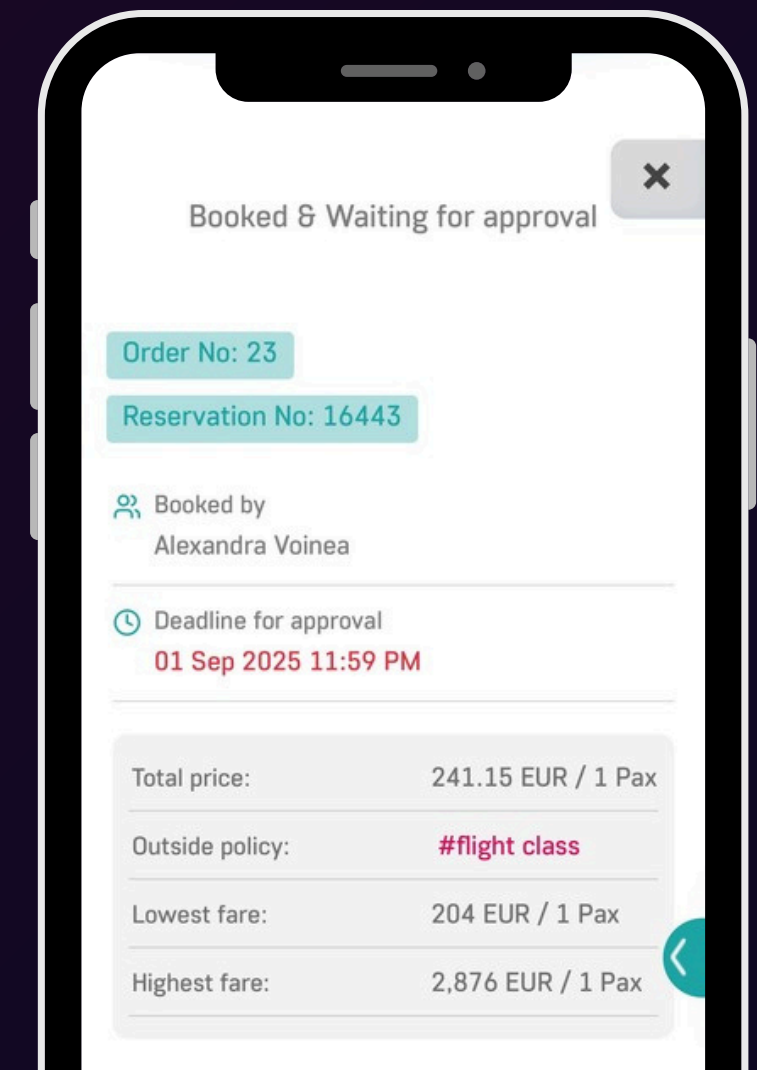

03

My reservations

04

Approval requests

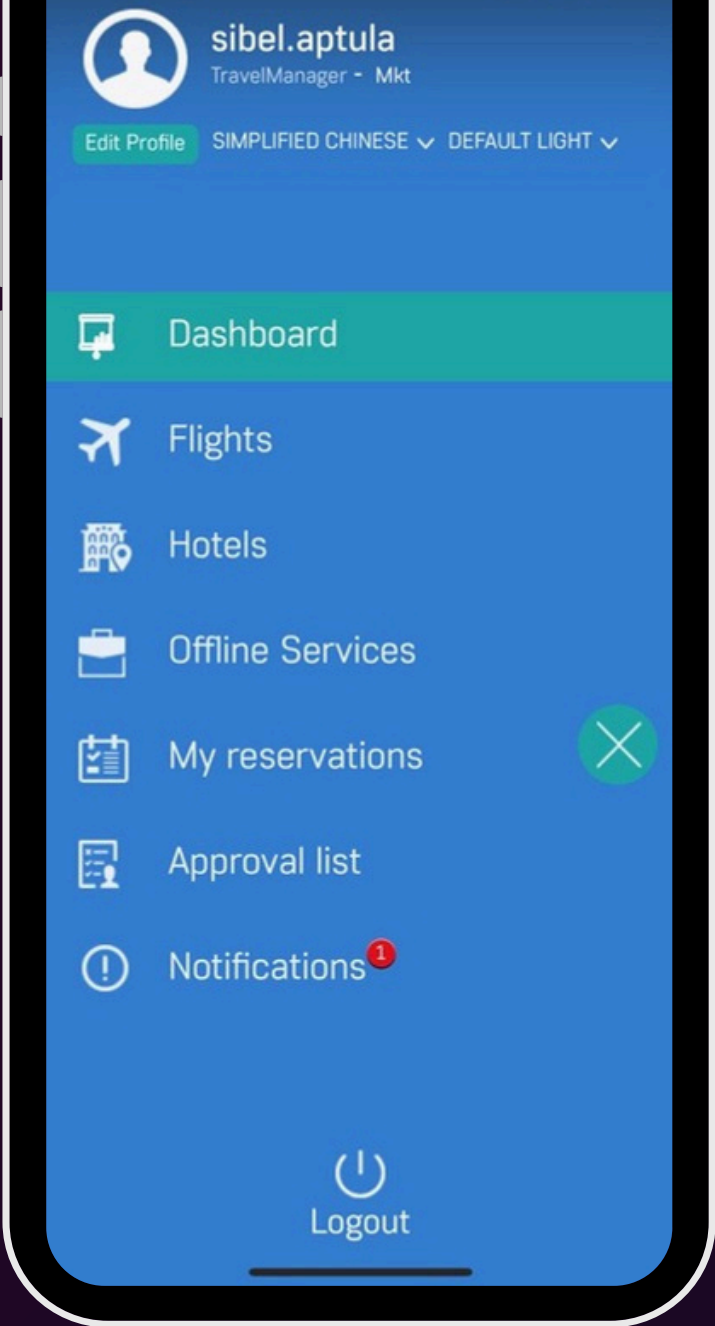

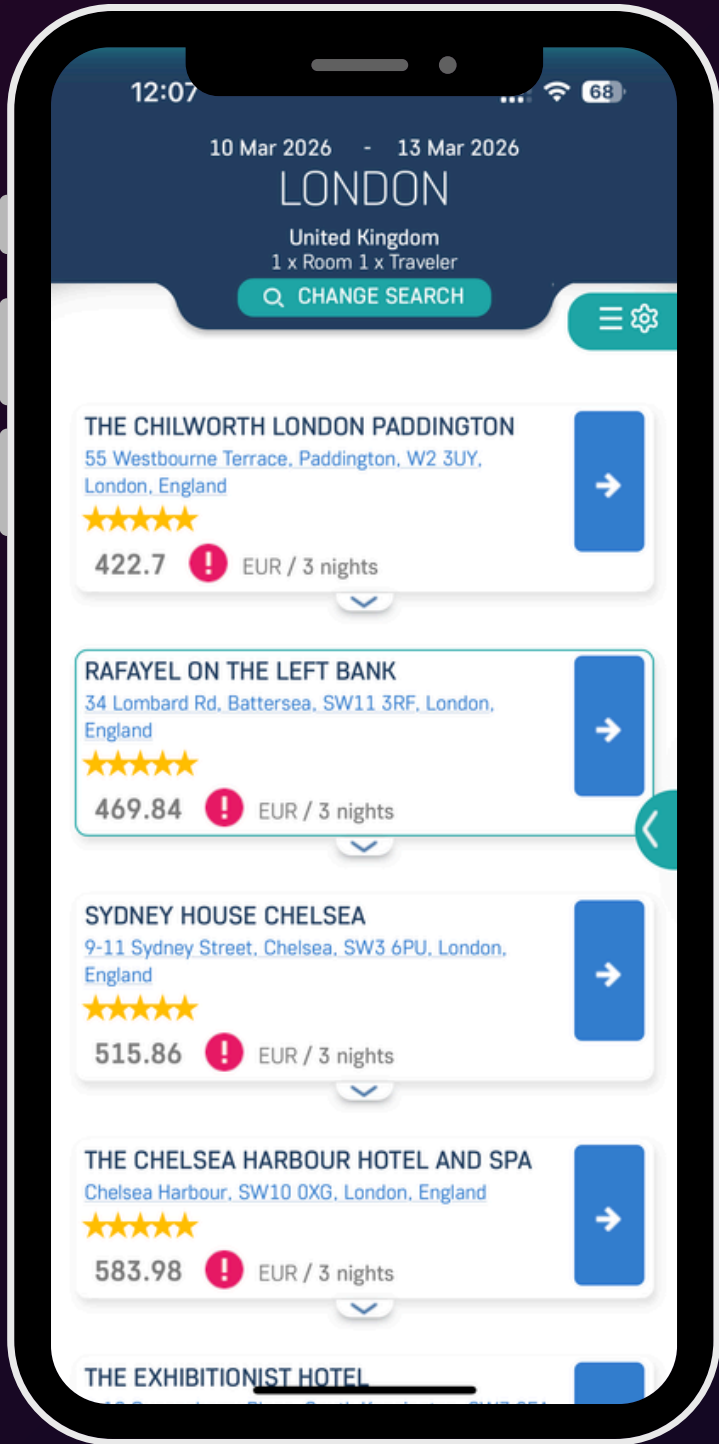

Traveler Experience

Intuitive, mobile-friendly search for flights, hotels, booked trips

Reduced need to go back to the laptop for routine travel checks

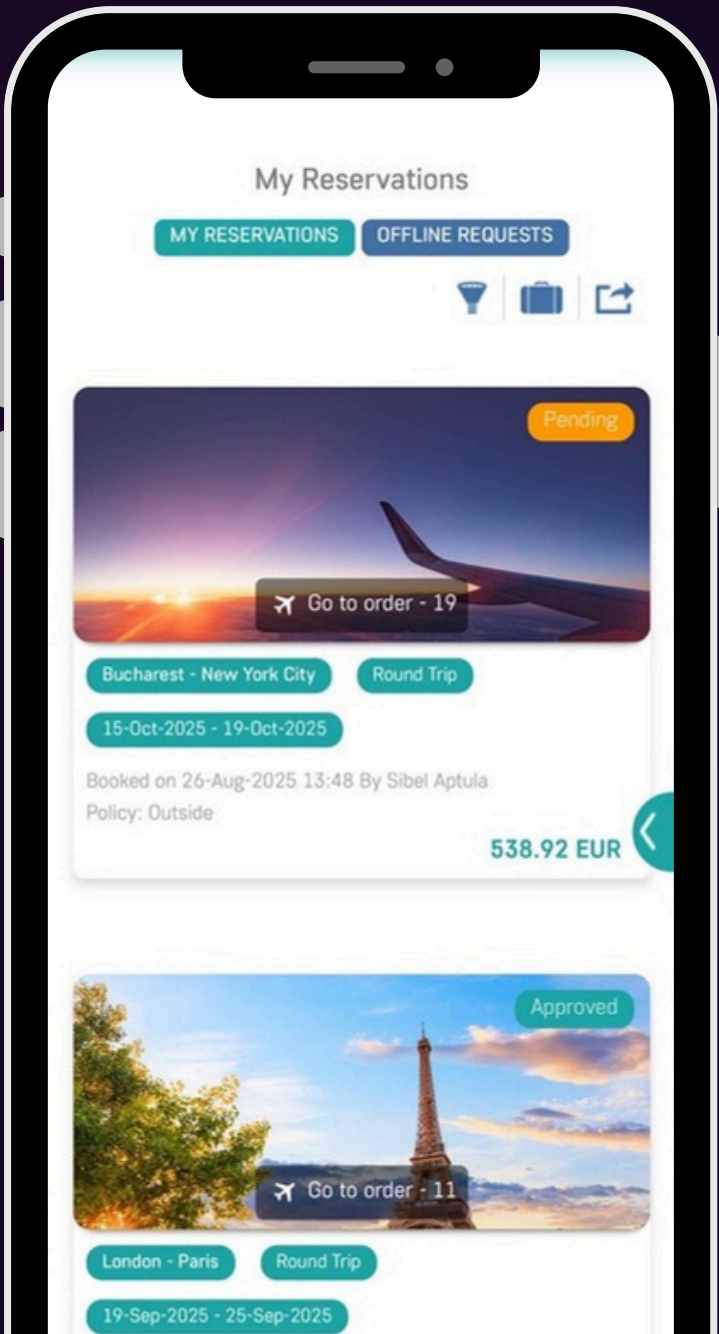

01 Access to main details: Dashboard, Flight, Hotels, Offline services, My Reservations, Approval List, Notifications

02 Clear displays for itinerary details, prices, and policy-aligned options

03 Easy management of upcoming trips in “My Reservations”

Push notifications

- NOVA now delivers real-time push notifications to your travelers' mobile device
- They stay informed without constantly checking email or logging into the app
- Notifications aligned with your existing email flows:
 - Approval requests for approvers
 - Approval confirmations for travelers
 - Other relevant updates and alerts
 - Campaigns or policy changes
- Tap the notification to jump straight into the relevant screen in NOVA

A next-gen, AI-driven experience

AI capabilities are designed to add value where it matters most, giving corporate travelers more confidence on the road and equipping TMCs with smarter tools to support them at every step:

- Visa guidance shown right after search results, so travelers can plan ahead.
- Destination risk insights to enable safer, better-informed trip decisions.
- Safe-area filter in hotel results, highlighting options in lower-risk locations.
- Destination tips after booking, providing practical advice and recommendations.
- Translate suggestions

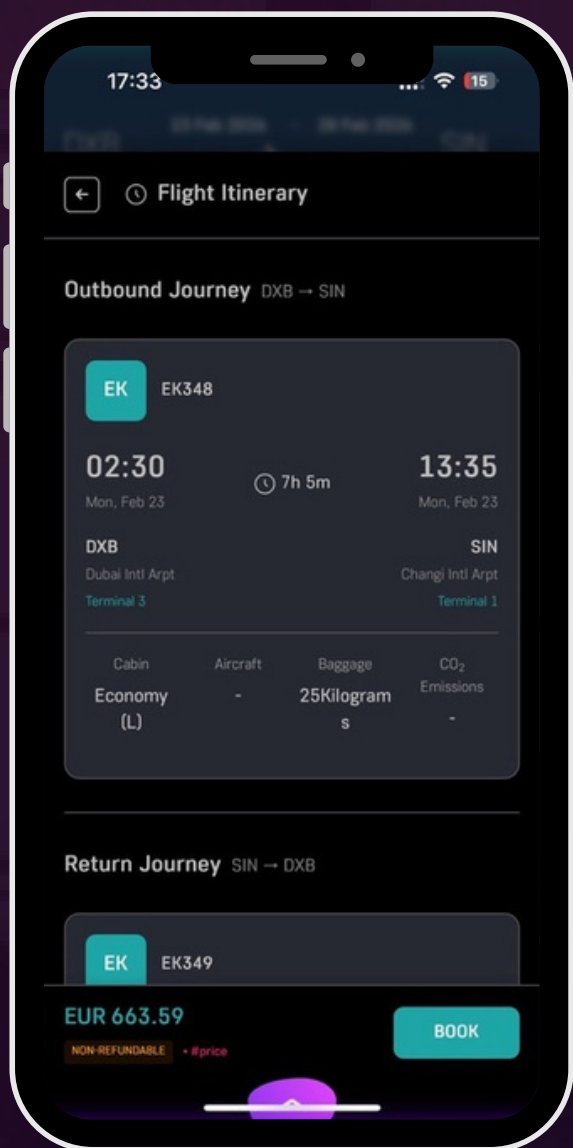

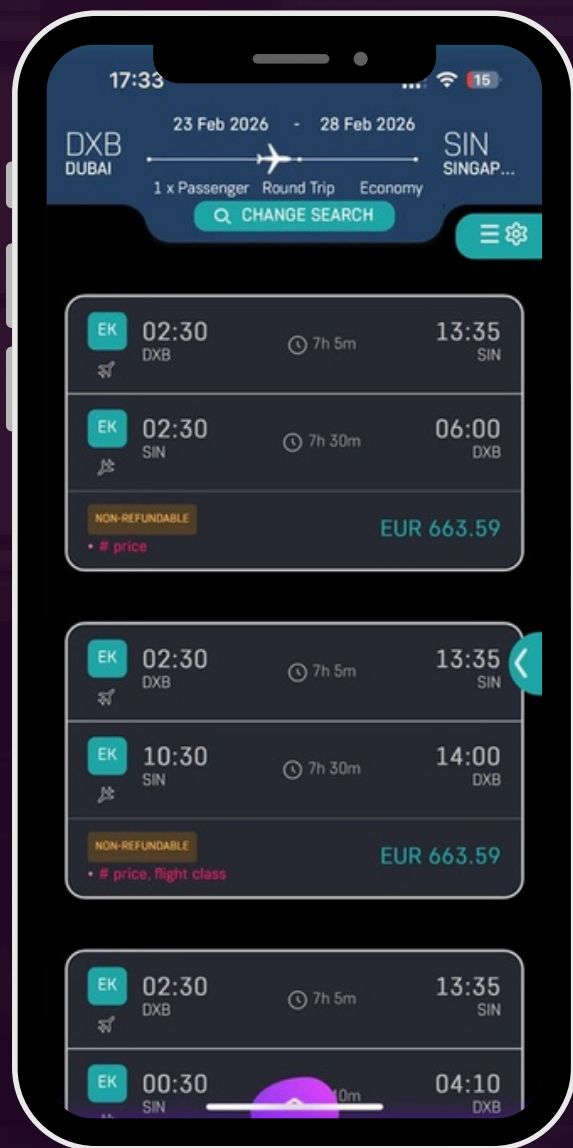

Implementation & Rollout

- No separate implementation project needed for existing NOVA customers
- Recommended rollout steps:
 - Inform your business travelers about NOVA Mobile App launch
 - Share download links and short how-to guides on how to access mobile app from NOVA desktop accounts
